

City and Local Happenings

The Baker Lumber Co. of Milford has an interesting announcement in today's paper.

Principal and Mrs. E. B. Dalley are rejoicing over the arrival last Friday of a baby daughter.

Miss Afton Watson has returned from a visit during the holidays with relatives at Kanab.

Mrs. A. C. Farmer of Salt Lake City, mother of Mrs. W. S. Musser, is in the city visiting with the latter.

The Utahna Stock Co. of Parowan played "Love and Peril" at the Ward Hall in this city Thursday night to a fairly good sized audience.

The Record job department is the best in this section of the state. If you want the finest commercial printing to be had, "have The Record do it."

Miss Agnes Brown, who has been spending her vacation in this city with her mother and other relatives, returned Saturday to school at Salt Lake.

Try our unexcelled "Quality" Cough Remedy for that bad cough, best for unwelcome throat conditions, The Cedar City Drug Store, "The House of Quality." Adv.

The merchant who advertises for business reasons uses The Record. It is the paper that gets results, and it is results that count to the man who is spending his money for advertising.

We are putting up positively the best headache powders to be had in this part of the state, Billy's "Quality Brand," the prescription of a well known Utah physician. The Cedar City Drug Store, "Billy's Place." Adv.

Postmaster C. S. Wilkinson has received advice to the effect that the new equipment for the postoffice has been shipped. Unless it meets with some unusual delay, the shipment should reach Lund within two weeks, by which time it is expected the room in the new Record building will have been completed. The equipment is of the latest design and will be a great improvement over the present arrangement.

Tuesday a terno L. A. Thorley, representative in the Wyoming legislature from Big Horn county, who has been visiting here for several weeks, left for Cheyenne to be present at the opening of the legislature. At the close of the session, which will be some time in March, Mr. Thorley will return to this city, perhaps to make his future home. Mr. Thorley is of the sturdy type of citizen which we need to improve the city and the county, and his many friends here will rejoice to learn that he thinks of locating here.

The regular term of the District Court will convene at Parowan next Monday. Witnesses, jurors, and others interested, should take notice of this date.

A. T. Dalley of Park City was in the city last week visiting relatives. It was his first visit to Cedar City for ten years, and he expressed surprise at the many changes noted in conditions. Mr. Dalley is one of the leading citizens of Park City. The editor is proud to have had the honor of his acquaintance and friendship for the last six or seven years.

At an early date a change will be made in the system of conducting the public library, the pocket and card system, in use in a majority of the libraries throughout the country, being substituted for the present unsatisfactory manifolding method. As a result of the change the librarian, Mrs. E. C. Watson, will have the task of pasting pockets on more than 1500 books.

TRAFFIC IN LIQUOR MUST CEASE

(Continued from first page.)

in the work it has set out to do, must make an application to the board of governors of the commercial club, who will determine their fitness for membership and make a report to the League.

A resolution was passed asking the city council to pass an ordinance whereby the license of druggists may be revoked and the further right to do business denied. The officers of the commercial club were requested to arrange for a public mass meeting of citizens at some date in the near future, and to secure speakers for the occasion. As can be seen by reading the resolution, the leading citizens of the city are determined to put a stop to the illegal selling and boot-legging of liquor which has reached a disgraceful stage, and also to drunkenness and other vices. If an intoxicated individual is seen upon the streets he may expect to be arrested and prosecuted, for on every hand will be found men pledged to swear out a complaint against him. The steps taken are most drastic, but are the result of the inability of the officers to effect convictions of those who sell liquor illegally, and the increasing number of drunks seen upon the streets.

City Court Doings.

In the city court of Justice E. J. Palmer last Friday, Jas. Middleton was fined \$30 for boisterous conduct and intoxication, Julius Rosenberg was fined \$15 and John Lunt \$5, for intoxication.

Roy Macleprang, Geo. Hunter, Willard Perkins and Angus Rosenberg were before the city court Monday charged with drunkenness. The Hunter lad being under 18, was turned over to the juvenile probation officers. Roy Macleprang was discharged. Willard Perkins was fined \$12.50 and Angus Rosenberg \$7.50. Several prominent young men were subpoenaed as witnesses by the city.

COLDEST WAVE IN MEMORY OF OLDEST INHABITANT

The cold wave that prevailed throughout the United States the early part of the week was of particular severity in this city. The storm began Saturday with a heavy snow accompanied with a heavy wind which amounted almost to a blizzard. The temperature continued falling until Monday morning, when, according to the government thermometer at the Branch Normal, it reached 18 degrees below zero.

This is the coldest temperature ever recorded in this city, the oldest inhabitants being unanimous in the statement that never before in their recollection was the weather as cold as during the present cold wave.

The severe cold caused considerable suffering both to persons and stock, as well as considerable damage from frozen water pipes. The light plant was put out of commission for several days, and as a result the city was in darkness except for lamps of various kinds.
